### Missionaries of the Week: Garrett & Joanna Schlake

\*Last month we had our national student conference in central France. The theme was "Witnesses" with a push for evangelism. Despite Covid, many students from around France were able to make it! \*We had large group talks, small groups, worship, trainings /workshops, stands for different ministries, and interactive activities. \*A few of us were able to get together this Thursday for a prayer evening, along with some members of Agape (the French branch of Campus Crusade/Cru). We prayed for each campus, group, and for the friends of our students. \*Both groups are doing well with one group continuing to have non-Christians come with their many questions! Please pray that the groups would continue to go strong after Christmas break. \*One of our groups continues to go strongly with the non-Christians being just as, if not more, involved than the Christians. Both our Groups have been able to meet on their respective campuses without the universities minding (this is rare in France). \*One group is having trouble inviting non-Christians and the Christians are inconsistent in attendance. The numbers are still good, but inconsistent attendance hinders solid relationships from forming. Please pray for good weather! After a cold month of cloudy, rainy weather every day, students start making it a reason not to come, and it also affects the general mood of everyone. \*We are still planning to arrive in the U.S. on Dec. 15<sup>th</sup> if our flights do not get canceled and no new restrictions come in!
