Missionaries of the Week: Menno & Barb Kroeker

*Lucas and Luana will not be returning to the Nambikuara ministry for at least 4 years and possibly not at all. When the pandemic hit, they went to Brasília to help at their mission headquarters. While there, Lucas was elected to be the executive director - which is a four-year commitment. *Another missionary couple is studying linguistics and soon may be able to assume the revision project. Please pray for God to equip Sergio and Rita as they look to God for His plan for them in the Nambikuara ministry.

*Our dear friend and colleague, Nil, has Covid. She is very weak already from the chemo treatments and this is a serious complication. Eduardo is discouraged - he desires to be in the villages doing discipleship but needs to care for his wife and two sons. Although he tries to maintain contact with the few villagers that have cell phones, his contact is limited. *The believers need a "shepherd" and a teacher. They need to read and apply the Word to their lives. Please pray for God to raise up from among the people themselves a strong spiritual leader. *One Nambikuara young man (Anaelson) is currently at Bible School. Pray that he will become strong in his faith and be a witness to his people. He is a quiet, shy fellow but serious about his walk with Jesus. *Pray against syncretism - that the believers will not "serve two masters" but will abandon the pagan rituals and serve only the Lord. The Covid virus rages in Brazil. Thankfully the Nambikuara villages have been spared.
