### Missionaries of the Week: Garrett & Joanna Schlake

\*One major answer to prayer is that Ghislain (pronounced sort of like "Ghee-luhn") has accepted to be a student leader for our group at Mirail University in Toulouse! I was 90% sure he would say "No", so I have never been more pleased to be wrong! I also got in contact with 5 new students who will be joining our groups next semester, which is another huge blessing. \*We took a short vacation to visit a friend, Solveig (an old Navigator student leader), in Scotland. It was a relaxing trip and was a nice relief from weeks of 95°+ temperatures in Toulouse. And, of course, we tried haggis! (Pretty tasty honestly) \*Last time I wrote to you I was not sure we would have a student leader for every group, but God graciously filled those vacancies and blessed us with some great students to take on these roles this coming school year. We continue to lose students to graduation or moving away, but God has continued to send us new ones. It makes you more reliant on prayer to be sure! \*The next semester will be starting here shortly, so please pray all the groups would get off to a good start and continue to build momentum throughout the year! The southwest of France has not been the most present face at national events and we would like to change this and help our students see the GBU as a national movement as well as a local one. After 16 years of having a driver's license I need to go back to driving school to get an official French one. It is not only expensive (\$1500+), but also extremely difficult compared to the American one and it needs to be done with a manual transmission. Pray I can succeed with this! France is experiencing its worst drought ever with fires rolling through large chunks of the country and a heat wave that doesn't seem to leave. Please pray we get rain soon! (Praying you get some back in Nebraska as well!)

Corporate Prayer will be from 6:20 PM – 6:55 PM.
