*I will be co-directing a ski camp in the French Alps this coming February. I do not know how to ski, so we will see how that goes. It is a weeklong ski camp with the focus on evangelism. Please pray that folks will sign-up and be able to come! *Last month we had our national student conference in central France. The theme was "Witnesses" with a push for evangelism. Despite Covid, many students from around France were able to make it! *A few of us were able to get together this Thursday for a prayer evening, along with some member of Agape (the French branch of Campus Crusade/Cru). We prayed for each campus, group, and for the friends of our students. *Honoris also attends the same church as us and sang "Silent Night" in his regional Burundi dialect (Kirundi)! Joanna and I were so proud of him, especially since only a year ago I he would have been too timid to do something like that! Joanna and I also played an ethnically diverse Mary and Joseph. *Pray that the students groups would not get complacent: One group is having trouble inviting non-Christian and the Christians are becoming inconstant. The numbers are still good, but the inconsistent attendance hurts solid relationships from forming. Please pray for good weather! After a cold month of cloudy rainy weather every day, students start making it a reason to not come, and it also affects the general mood of everyone in the group. *We had a great trip in the U.S.! It was great being with you all for two Sundays and Joanna really appreciated how welcoming you all were! The trip was extended one week because of Covid, but we made it back to France! *Thank you all so much for your prayers and support!
