* In two months, Joanna and I will be married! Unfortunately, Covid makes it near impossible for most to come, but please feel free to email me if you want the Zoom or Facebook link for the online ceremony! * The student weekend last month went well, but sadly we were not many. Of the 25 who signed up, only 13 showed up on average. Students have become exhausted by being on Zoom all the time, so we are looking at other options. *Thankfully this next month we will have an IN PERSON student weekend. This will be the first time we have seen each other face-to-face since October. Please pray we would all stay safe and have an enjoyable time together! * Our two groups have continued online this past semester, despite the confinement, and one has even grown! * Sihem is trying to start a Muslim outreach group that I and another student leader are helping with. Please pray we can get in touch with students who would be interested in coming! * It is difficult to plan a wedding in France at the moment with the number of Covid cases increasing every day, new confinements being announced across the country, and regulations changing all the time. Please pray that things would stabilize and that at least my folks could make it!
